Safe Work Practices/Work Comp Costs: Primary Loss Causes

This segment discusses overview, awareness, and prevention of the major causes of injury for municipalities.

Workplace Violence Prevention Refresher

This segment reviews the law, municipal policies, and procedures that must be in place and includes a discussion on how to respond if you are in a potential workplace violence or active shooter situation.

Right-to-Know Refresher

This session covers Safety Data Sheets, labeling, and recordkeeping requirements. This training has also been updated to include the new Global Harmonization Standard.

Bloodborne Pathogens Refresher

This session defines and explains the hazards of bloodborne pathogens, discusses risk factors, and reviews workplace protection measures.

HAZWOPER - Hazardous Waste Emergency Operation Response

Covered when changes are made or new employees are hired. Recommended annually.

Sexual Harassment

We will update staff on the latest NYS sexual harassment and anti-discrimination requirements.
